**ON THE
WINGS OF CHANGE**

THE ULTIMATE CHANGE

As the change in direction of the water's waves, so too are the changes in the life of a high school young man. Changes from as little as one class to another, grade to grade, freshman to varsity; to changes as big as driving a car, obtaining a job, or becoming independent. At times we have control over life's changes, many times we do not, yet we have to live with these changes for better or for worse. Life has many perils and learning to deal with these perils is all part of the ultimate change — the change from today's high school "young" man to tomorrow's MAN.

PAST PRINCIPALS

The Yearbook Staff of 1980-1981 dedicates this book to the Marianists, Past, Present, and Future who, with total dedication, have contributed their time and efforts to help maintain an Academic atmosphere and will continue to help Serra remain a highly refined school in Academic Excellence. . .

Rev. Bertrand Clemens S.M.
1976-1980

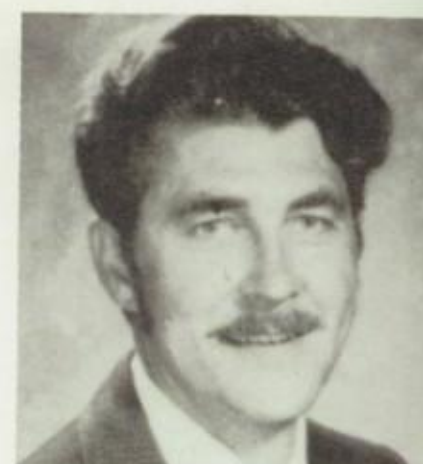

Father Clemens, our past but very recent Principal of Serra High, maintained the high standards of Serra and created the atmosphere and the spirit which produced the smooth transitions which took place during his four years. Father Clemens' devotion and dedication are deeply appreciated, yet now he is greatly missed. At the end of Father's fourth year, he was appointed Master of Novices at the Novitiate in Cupertino. Good Luck Father Clemens, our good wishes and sincere prayers are with you. . .

CONDUCTED BY THE MARIANISTS

January 1981

On December 9, 1951, Francis Cardinal McIntyre, Archbishop of Los Angeles, dedicated the new Junipero Serra High School in the city of Gardena. In the modest origin and surroundings of Gardena, Serra has grown into a citadel of Christian, educational, athletic, and multicultural prowess struggling to meet the exciting challenges of the 80's.

The Society of Mary (Marianists), a religious order of men (priests and brothers) dedicated principally to the works of the education of youth, were invited to assume the responsibilities of administration at Serra High School in the fall of 1950. Three Marianists and three lay teachers comprised the first faculty of Serra High School in 1950. These six men set the tone of dedication which would characterize Serra throughout the thirty years of its existence even to the present. From its first graduating class of 27 members in 1953, Serra has graduated more than 3,300 young men into professional, civic and community careers. The 60's were the most lucrative years for Serra as the enrollment soared to nearly 700 with 18 Marianists on the staff. In 1965 the graduating class numbered 169.

In the Marianist tradition, Serra seeks to be a Christian community characterized by family spirit in a total Christian atmosphere of living, caring, sharing, and working together to achieve excellence in studies, character, and involvement. The total family effort and charism are the keys to any realized successes at Serra High School. The faculty and staff, the parents, the students, alumni, alumni parents (especially our own Angie and Hoped Balakian) are all integral to the vitality of Serra High School.

In this our thirtieth anniversary year, Serra maintains its superior standards of academic excellence, boasting of student successes at major colleges and universities throughout the United States--Harvard, Notre Dame, Johns Hopkins, U.C.L.A. and U.S.C.. Athletic prowess (capturing the first League Championship in football and advancing to the championship playoff for the first time in the history of the school); projecting the finest basketball season in the school's history; cultural and civic involvement of our students comprise some of the realized objectives of our school.

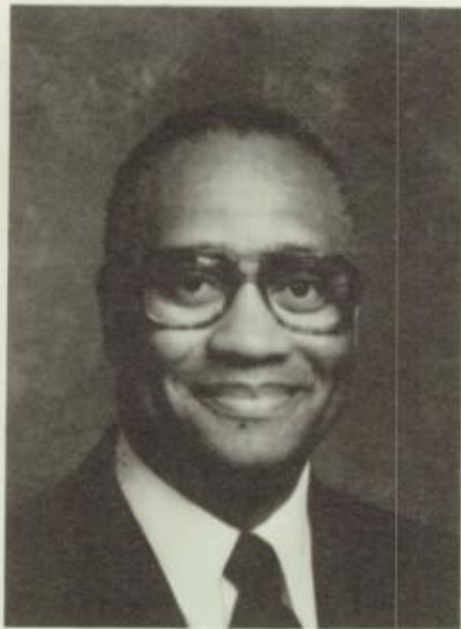

The one man, Marianist, priest, and educator, who has done most to meet the challenge of the 70's, and to whom Serra owes its continued existence, is the former cherished and esteemed principal, Very Reverend Bertrand Clemens. Brothers Leo Rausch, Harold Hammond, Charles Boglitz, Michael Chu, Albert Glanton, and Reverend Patrick Philbin form the core of dedicated Marianists who continue to meet the challenge of ministry in the 80's by the example of their lives, love and service to the poor, powerless, people of God in Gardena and the South Central and Western areas of Los Angeles County. In collaboration with other generous and dedicated religious and lay teachers, who adopt philosophy and objectives of our school, Serra's future will continue to be viable, vibrant and productive. The Marianists, in order to foster our Union with Jesus, and as faithful sons of the Blessed Mother, will continue to offer all our hopes and consolations, our distresses and our doubts, our lives, love, and service that the Father, Son, and Holy Spirit may be glorified in all places.

WINGS OF CHANGE

Upon the wings of change
that blow on and on
our lives continually rearrange
as we live every dusk and dawn.

Our wings sometimes falter
yet sometimes swift and sure
but those which are the strongest
are those which best endure.

We live our lives
as we fly away
only to be judged
on another rising day.

Winging our way
through time and space
in hopes of reaching
a greater place.

Flying across
ocean and sea
as the world ahead
unfolds before me.

But sometimes we fall
helpless and aghast
and during times like these
we sometimes ask

What do you do
when you are lost?
Do you find your way back
at any cost?

Or do you go on
not giving a care
where you're going
or if you're there?

I must know where
I'm supposed to go
'cause ignorance and fear
keeps me slow.

It should be no sin
to want to know
deciding whether
to come or go.

A thought is a thought
silent or said
even if it's a fragment
inside my head.

If I'm not careful
thoughts will bring me down
chaining my freedom
captive to the ground.

On shoulders of luck
and wings of change
we take our chances
on each hill and range . . .

. . . for now we fly on
with dreams high and free
but my greatest dream, my final act
is what I make of me . . .

. . . upon the wings of change.

ACTIVITIES

CHRISTMAS MASS

Students attend a Mass Liturgy at least once a month during school hours. The celebration of Mass should be the high light of each month with the Christmas Mass being the most special liturgy of all. This year the main concelebrant at the Christmas Mass was the newly ordained Rev. Allan Roberts from Maria Regina Parish.

The Royal Lightenstein Circus gave Serra a most entertaining visit. The circus jugglers displayed their skills with such slick daring and balance that the student body was amazed. The wizardry of the magicians and the humor of the clowns were also greatly appreciated. The student body hopes for an encore next year.

ACADEMIC AWARDS ASSEMBLY

Brother Ed Johnson congratulates academic award recipient, Guy Hill.

Mr. Chester L. Washington, publisher of "The Wave," during his inspiring address to the student body during the awards assembly in September 1980.

The awards assembly was closed by the traditional singing of the Alma Mater.

The day is all smiles for the honor students of September 1980: Dexter Winzey, Gustavo Lopez, Jay Ruffin, Milton Scott and Cato Johnson.

High academic excellence is a high priority at Serra. For this reason, honor students are singled out in an awards assembly held each semester. Those who are honored receive trophies, plaques and certificates for excellence in studies and service to the school community.

Brother Ed Johnson congratulates the students achieving 4.0 grade point averages for the first semester of the present school year, Milton Scott, Michael Profit and Jay Ruffin, as Mr. John Cragin looks on approvingly.

Mr. Mallory Matthews, an alumnus and former teacher at Serra, was the inspiring guest speaker at the February Awards Assembly.

The students achieving highest honors with grade point averages of 3.75 were Bernie Rodriguez, ustavo Lopez, Eugene Profit, Harold Mealey, Stacy Heads, Elden Hodges, Rodney Lombard and Cato Johnson.

The students achieving high honors with grade point averages of 3.60 were Martin Scott, Johnnie James, Orlando Cross, Richard Davis, Marcus Hudspeth, Patrick Collins, Keith Lewis, Bryan Ricks, Eric Bell, Kyle Cox, Kevin Clair, Gregory Ellis and Francisco Enriquez.

Rev. Joseph Stefanelli, Provincial of the Marianist Pacific Province, presented Mr. Hoped Balakian with the spiritual affiliation in the Society of Mary, an honor bestowed on him in appreciation for his many years of service to and with the Marianists who direct Junipero Serra High School.

SEARCH moderator, Father Pat Philbin, President Michael Caver and Vice President Andrew Hills head the Search Retreats. The entire program is based on getting in touch with your inner being through communication with others. After attending a Search weekend at the Dominguez Hills Seminary one has a vague prospective of what life is all about.

SEARCH

LIFE CAMP is a summer camp that high school students from various Marianists high schools and their sister schools attend. Much is learned about intimate feelings in relationship to others. Intermingling with people of different backgrounds is stressed at camp. Any student that has been to LIFE will tell you that it is truly a LIFE experience. Our LIFE 80 group included Michael Caver, Patrick Lombard, Moderator Craig Mitchell, Keith Hildreth, Jay Ruffin, Tony Vercher, Dwan Hurt, Zachary Rose, and Edward Watson.

Come on, Dexter, is the yearbook room really that far?

Being a co-editor can really drive Johnnie James bananas!

Is Anthony McCrutchin, our business manager, truly hard at work billing our advertisers, or is he making paper airplanes?

The yearbook was published with a staff of talented writers, artists, and photographers who have spent many hours producing this yearbook solely for your enjoyment. The whole staff volunteered their skills for this very reason. This yearbook promises to be one of the most creative of any produced at Serra.

These Yearbook Staff members are not usually this serious! L. R., Ali Curry (Art Editor), Miss Sauer (Art Advisor), Tony Vercher (Activities Editor), Dwayne Jackson.

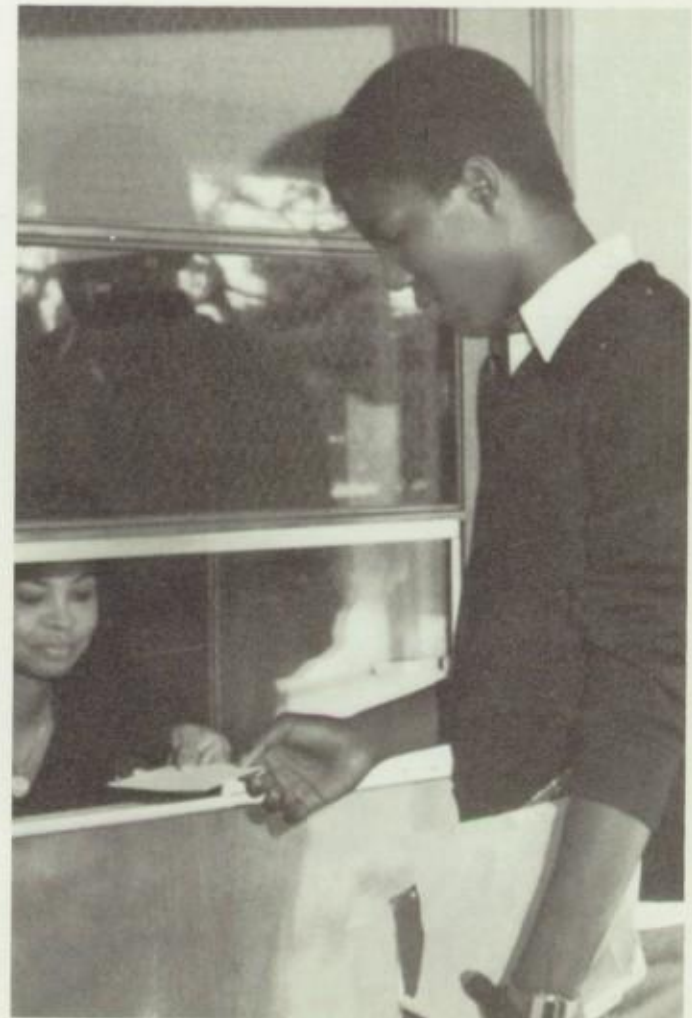

Victor Roach, our photographer, gets snapped.

The Student Council, one of the key clubs at Serra, leads the students in organizing events from which the students personally benefit. Headed by Brother Al Glanton and President Ronald Story, and with the aid of the other officers, the Student Council helps everyone become involved with the workings of Serra.

"To be or not to be a library club member?" The only answer to this question is to be associated with an active member. The OMEGA PSI PHI, although not new as a national fraternity, is new on the Serra campus. Since receiving permission and direction from a San Luis Obispo based chapter (MU KAPPA), the chief officers have worked hard to bring the OMEGAS into a real existence. The learning force that motivates this club is summed up in the phrase, "friendship is essential to the soul." Long live the OMEGA!

Serra's Tennis Club had a very active year, holding tournaments, conducting practices every week, as well as just having a good time. Throughout the year, tennis club members improved their skills as the club provided an opportunity for the novice to learn the fundamentals as well as an opportunity to fine tune one's backhand.

We know we could not achieve without their presence.

FASHION SHOW

The fashion show was extravagance at its finest. From the first usher to the last prom scene the evening was vastly enjoyable. During acts the guests got a glimpse of the upcoming drama production and the years newest dance, "The Pop-Lock." From the flare of the models as they floated down the ramp no one could have guessed that they were amateurs.

QUEEN L'TITIA GUNNELLS
JOHN WILLIAMS

Homecoming traditionally meant the invitation of all alumni to come back and enjoy a night at their old alma mater. Indeed Serra was in tradition on its 30th homecoming night. On a clear autumn night students, ranging from as far back as the class of 52, watched the beautiful festivities. To quote one of the alumni, "The festivities were truly beautiful in every sense of the word." Yes the evening was beautiful from the sharp sports cars to the appointment of the queen and her court. None of us will soon forget this year's homecoming; especially since the football team climaxed the evening with an exciting victory.

THE FAMILY

DALE WASHBURN

HEAD COACH AND ATHLETIC DIRECTOR

Mr. Washburn was the father behind the Serra High Varsity Football team's family. His outstanding coaching ability, inspiring leadership, and concept of unity piloted the Cavaliers to an undefeated league championship. For his achievements he was awarded "Coach of the Year."

After a tiring court battle, Washburn and his "family", went on to play Shurr High School for the C.I.F. Southeastern Conference Championship. The Cavaliers fought a tough battle but were defeated by a score of 21-13. Even though the Cavaliers lost, they won a moral victory, being the first football team from Serra to make it to the C.I.F. finals in 30 years.

BRET RICHARDSON

ASSISTANT COACH

Coach Richardson, Mr. Washburn's right-hand-man, assisted him in building the Serra family. Mr. Richardson is the kind of coach who stresses discipline and conditioning. He aided Mr. Washburn in creating a championship team by instilling the same concept of unity that held the family together.

Lyndon Meighan, Kevin Clair. The junior varsity team is progressing rapidly, as Kevin Clair puts what he has been taught into action.

David Spence, Lyndon Meighan, Edward Watson. Although the spike was blocked by varsity members, Edward's attempt was courageous.

The junior varsity coach, Ron Joseph, gives playing advice to some of his players. This year's junior varsity team is relatively new with the exception of one or two returning members.

Gerald Rucker flies through the air as he attempts to spike. Although the ball flew into the net, it had an unbelievable force applied to it.

1981 BASEBALL VARSITY

BASEBALL VARSITY—Kneeling: Jay Hubbard, Oscar Solomon, Gary Flowers, Mark Hebert, Melvin Snell; Standing: Coach McDaniel, Craig Williams, Jerome Gibbs, Frank Coutee, Bernie Rodriguez, Wendell Physter.

The varsity baseball team looks forward to much improvement over last year's dismal season. The Cavaliers got off to a good start with an impressive opening victory over Washington.

SENIORS—Mark Hebert, Jerome Gibbs, Oscar Solomon.

"Skip" Snell practices the art of base stealing.

Barnie Rodriguez rears back to deliver a fast ball.

Gary Flowers is the man behind the mask, as Barnie gets ready to swing.

Jay Hubbard tags Oscar Solomon right on the kisser.

Outfielder Michael Ferrell manages a smile even though he did not see action this season due to major surgery.

Mark Hebert is pitcher perfect.

"I hope the ball does not land on my new baseball cleats!"

LEWIS JOSHUA MEMORIAL FIELD

Father Clemens says a few words at the assembly in honor of Lewis Joshua, June 1980.

Baseball head coach, Mr. McDaniel, tells of Lewis' athletic achievements.

The Serra family was deeply affected by the loss of one of its most inspirational baseball players, Lewis Joshua, from the class of 81. The students and faculty of Serra decided to dedicate the Serra baseball field to the memory of Lewis. God took Lewis away from the Serra family in body but "nobody can take Lewis away in spirit."

The Serra family joins together in singing the Alma Mater led by Dwayne Byrdsong, Brother Al and Angie.

Mr. and Mrs. Joshua express a few words of gratitude to the Serra faculty and students.

YOUTH DAY

The annual Youth Day, sponsored by the Archdiocese of Los Angeles, was attended by several Serra students. The highlight of the day's activities was the very inspirational Mass in the Anaheim Convention Center arena, where 10,000 young people joined in prayer and song to praise the Lord.

Richard Wilson and Father Pat are still smiling at the end of the day.

SELF EXPRESSIONS

SELF EXPRESSIONS

Like any thought that proceeds from the mind of man, it is not a true reality unless it is expressed in its proper prospectives. Likewise, no person can be understood unless he expresses himself clearly, or at least in a manner in which he can be understood.

Thus, the process of evolving a concept into a reality undergoes critical analysis until the producer is satisfied with what he has created.

So far it would seem that everything there is, at one time or another, was once nothing but an idea: an idea that took a dreamer, thinker, and/or a doer to make it real. But sometimes these people never get a chance to express themselves, causing the thought to go on unnoticed and undeveloped. On the behalf of that cause, we are giving those people the opportunity to present some of the works and ideas they have been able to make a reality.

Although "thinkers" aren't always those who have something to say verbally, they do have a lot to express in other forms. They also express themselves on a plane perpendicular to themselves. The best way to the concept is to explain the term "self" expression. "Self" is:

- the Soul that the idea springs from,
- the Energy that is exerted to make the idea real,
- the Life that fills the idea when it becomes a reality,
- the Fulfillment that is reached when the concept behind the reality is understood.

In these next few pages, we will present the works of some of our thinkers, dreamers, and doers, whether in plain, artistic, or poetic form. These works will be called,

"In The Spring Time"

Spring in the Sierras is the most beautiful time I know. The mountains which stretch skyward are still covered with beautiful snow. The lake gleams an icy blue. The green grasses are just peeking through the melting snow of the meadows.

As one travels past mountains and deep gorges, one encounters gurgling, rushing streams. The varied rock formations of the mountains begin to show through the snow. Small animals rush across the roads. The whole land is fresh with the smell of pine. As one travels through miles of pines and redwood trees one feels as though the world must have been like this at the beginning of creation.

"You"

You are there
without a sound
but your presence is noticed
all around.

I always can tell
where you are,
whether you're near
or whether you're far.

You are above me
watching ahead
making sure that I
have nothing to dread.

You follow behind
to cover my trail
for as a human
I am very frail.

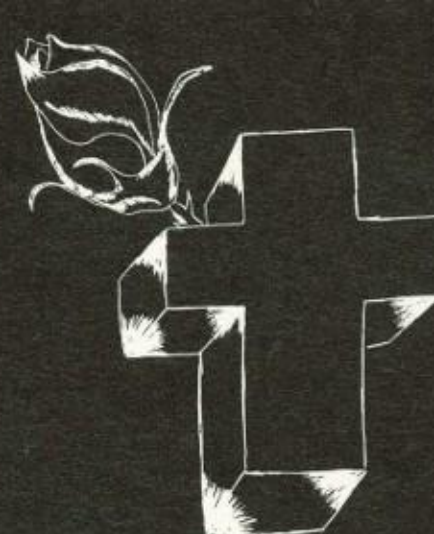

You walk with me
at my side
filling my being
with enormous pride.

I walk ahead
but always toward you
because you do for me
that no others do.

I know where you are
if I look for you and don't see
for I know that you
are inside of me.

You are my Lord
and my brother too
and for this I say
that I love you.

"Friends"

People say "You're my friend."
"I'll do anything for you."
But will that friend
do the same for you?

Maybe he will,
maybe he won't,
but it's okay
unless he don't.

Friends are those
who always care
for you and others
without compare.

And with that care
comes a love
that will place your friendship
high above.

Friends are kind
and extremely nice
they think about you more
than once or twice.

Friends overdo
even if you underneed,
wondering how much
before they proceed.

Friends do for you
without you having to ask,
they don't hide their feelings
behind an empty mask.

If there is something that you
need
or even that you want
If your friend has, it's yours
without a tease or taunt.

But don't abuse your friends
for the possessions that they
hold
because you won't be friends
if they leave you cold.

You also must be
the best type of friend
that will stick by a side
until the very end.

If you and your friends
get through the strain and strife
you will be the best of friends
for the rest of your life.

ART: An expression of life that few understand and an even fewer amount of those who can create or re-create.

Art expresses man's dreams, fantasies, needs, wants, and sometimes, his reality. It all depends upon the way the beholder sees it: the tranquility, the violence, the beautiful, the ugly. It is all there and there to be seen by all.

"The Final-Mistake"

On an average day I see at least four or five accidents. Today was not any different. On the Santa Monica freeway this afternoon I noticed a wreck involving a small foreign sports car and a large truck. An ambulance, with lights blazing and sirens blaring, screeched to a sudden halt in front of the wreckage of the small car. They gave a swift kick and the door fell to the hard, unfeeling asphalt below it.

The scene that I next beheld made me feel as if I were being stung by hundreds of small, icy needles. I witnessed a face maimed beyond recognition and a body that hung limply in the seat. The interior of the car looked as if someone decided to change the color of the car's interior from sky blue to deep, dark red.

The dismal science of blood and gore had made me nervous. I broke into a cold sweat. Beads of salty, bitter sweat dripped to the edges of my mouth. Over all the ruckus I could hear one of the paramedics pronounce the man dead, and also that his last drink was his final mistake.

"The Key"

I want to be yours.
I want you to be mine.
I'd like to hold you tight
And make you see what's inside of me.
With all my might
I want you to hold the key,
The key to what's inside of me.
You unlock the door,
The door to my soul.
I reveal to you my self, my whole.
Put away the key and come inside.
You look at my cupboards,
The cupboards inside of me,
And on one shelf you see
A little boy who looks like me,
And on the bottom shelf you see
A young man, whom the little boy is trying to be.

*TO: Keith, Michael, Patrick, Dwan,
Zac, Jay, and Eddie,*

*Well it seems we made it —
saying long and hard goodbyes to
friends we made over the years.
Where do we go from here? Do
we go our separate ways or do we
stay together like good friends
should? Well, we had a whole
year to decide to make up our
minds what we should do. We're
out here on our own and I'm sure
we are going to make it.*
